

For investors to buy our Casks, the process is very simple:

- 1....We have 200 liter Casks of new born Irish Whiskey 63.5%.
- 2....The investor purchases these at £2000 per Cask , this price is for a number off Casks, an individual or single Cask will cost £ 2500.
- 3....The Casks stays in the Bonded Warehouse for 3 years and 1 day until maturity, so the investor does not have to move the Casks.
- 4....Once the investor pays for the Casks they will receive Title Docs / Insurance Cert. against Fire & Theft also an insurance to cover the company against going or Closure.
- 5....The ROI to the investor is between 15% & 20% PA.
- 6....We can also supply 3 / 5 / 7 / 10 year old Irish Whiskey in Grain / TD Malt / Pot still/ DD Malt / Peat ed Malt the prices for these will be different, most investors go for the New Born as the returns are much higher.
- 7....We can also supply 35,000 liter bulk tankers if any clients want to bottle their own Whiskey with their own Bottle and Label, the price on this will depend on the age of the Whiskey.
- 8....We have also Irish Gin and Pink Gin from the same Distillery.
- 9....This Distillery is one off the top in Europe they would have 350,000 Casks in Bond at any one time as they produce 5 Million Liters per week.
